

## From the Conference Host

Don't disturb the sleeping giant \* Paint the Elephant in the room, red \* Don't sit on the three leg chair, basically - leave the pastor alone; who have decided that everything is fine in his/her life.

Unfortunately, we must keep it real, EVERYTHING IS NOT FINE.

There are challenges that we face as Christians and certainly as pastors. And, for them to go unaddressed, only permits our wounds to continue to hurt and our limp to be tolerated.

Know this, for every crisis in life and ministry, the enemy wants to utilize it to destroy us; however, the Lord has purposed to heal and deliver us from it.

Therefore, you are welcomed to come as you are and receive real answers for your real issues; and healing for your wounds. Answers that transcend the status quo response. Answers that confront the issue and empower you for victorious living. Answers that support biblical principals and maintain a godly lifestyle. Answers which reveal, that you are not alone.

Until we meet, know that I'm praying with and for you to live a victorious life in Christ.

Because Of Calvary, I'm free
